

Interactive meditation
with Heart Rate Variability
Biofeedback

Begin your journey now

Meditation and mindfulness have been practised for thousands of years with proven benefits across a wide variety of health conditions and in enhancing human performance. Medicine and science are turning to meditation for answers, and meditation is delivering.

Unyte uniquely combines the iom2 biofeedback device with a series of Journeys that include interactive experiences and guided meditations. Learn to reduce stress and reach deeper states of awareness and relaxation. Learn more at: <https://unyte.com/>

One-time fee, all Journeys included: \$360 (regular price \$425 ex GST)

iom2 biofeedback device: \$220

Introductory Bundle Offer: \$550 AUD (includes GST & delivery within Australia)
