

Do you remember Journey to the Wild  
Divine? Then you will LOVE

Interactive meditation  
with Heart Rate Variability Biofeedback

## Begin your journey now

Meditation and mindfulness have been practised for thousands of years with proven benefits across a wide variety of health conditions and in enhancing human performance. Medicine and science are turning to meditation for answers, and meditation is delivering.

**Unyte** uniquely combines the iom2 biofeedback device with a series of Journeys that include interactive experiences and guided meditations. Learn to reduce stress and reach deeper states of awareness and relaxation. Learn more at: <https://unyte.com/>
